

Project Report Format

1. INTRODUCTION

1.1 Project Overview

1.2 Purpose

2. IDEATION PHASE

2.1 Problem Statement

2.2 Empathy Map Canvas

2.3 Brainstorming

3. REQUIREMENT ANALYSIS

3.1 Customer Journey map

3.2 Solution Requirement

3.3 Data Flow Diagram

3.4 Technology Stack

4. PROJECT DESIGN

4.1 Problem Solution Fit

4.2 Proposed Solution

4.3 Solution Architecture

5. PROJECT PLANNING & SCHEDULING

5.1 Project Planning

6. FUNCTIONAL AND PERFORMANCE TESTING

6.1 Performance Testing

7. RESULTS

7.1 Output Screenshots

8. ADVANTAGES & DISADVANTAGES:

- The system reduces processing time by 50%.
- User-friendly interface enhances accessibility.
- Cost-effective compared to traditional methods.

Dis Advantages:

- Requires internet connectivity for full functionality.
- Initial setup may be complex for non-technical users.

9. CONCLUSION:

The conclusion summarizes key points and reflects on the project's success. Restate the purpose and main objectives of the project. Highlight the significant findings or achievements. Discuss the impact or potential future developments.

10. FUTURE SCOPE:

The future scope of this project includes improving its performance, adding more features, and making it more user-friendly. It can be expanded to support more users and integrated with new technologies for better efficiency. Future updates can focus on fixing limitations and enhancing security. With further development, this project can be applied to real-world scenarios and used on a larger scale. Feedback from users will help in making necessary improvements, ensuring its long-term success and adaptability.

11. APPENDIX
